## Q2 If you don't use the trail, what would bring you to it? / Si usted no utiliza este sendero, ¿que lo haría usarlo?

Answered: 28 Skipped: 214

#	RESPONSES	DATE
1	Shade and a space to relax or meet with friends.	11/21/2019 11:19 PM
2	A dog park	11/21/2019 1:35 PM
3	Rainey Street Community Garden	11/20/2019 2:50 PM
4	the river	11/19/2019 9:19 PM
5	I jog the trail 2-4 times a week and look forward to the improvements.	11/18/2019 8:57 PM
6	A direct connection from the Rainey/Cummings intersection to the trail by bicycle. There is currently not a curb ramp that serves this purpose directly.	11/18/2019 3:45 PM
7	More signage to the trail	11/17/2019 11:13 PM
8	Shade and shore line access	11/16/2019 1:11 PM
9	picnic and play areas	11/15/2019 5:46 PM
10	Concept #2 would bring me there	11/15/2019 4:44 PM
11	Access to area's for lounging/ picnics.	11/15/2019 4:33 PM
12	Access to water's edge	11/15/2019 4:22 PM
13	I would like to see a children's playground. The Rainey Street area, and downtown in particular are sorely lacking in amenities for families with children.	11/15/2019 9:05 AM
14	Running and kayaking	11/15/2019 5:13 AM
15	n/a - use trail	11/14/2019 3:28 AM
16	I use the trail	11/11/2019 5:35 PM
17	I use it all the time	11/11/2019 5:24 PM
18	Not sure. Right now I don't run far enough (from South Lamar) to make it over there and I wouldn't drive to the trail.	11/11/2019 3:32 PM
19	safety features like a call box, lighting	11/11/2019 2:22 PM
20	already use and present condition of trail	11/11/2019 1:55 PM
21	Some simple exercise equipment- stretching area, pull up bar, dip bar. Enhanced plantings to enhance woodland and riparian environment and some explanatory signage about the ecosystem there	11/11/2019 6:30 AM
22	The night time entertainment around the area	11/10/2019 10:42 AM
23	It being connected with the rest of the trail system. I envision an Austin cycle/pedestrian trail that connects as many parts of Austin as possible and rivals motorized transportation paths.	11/10/2019 3:18 AM
24	My interest is preserving it for running, biking and walking. It would be a tragedy to see it commercialized like the Waller Creek Trail is being developed.	11/9/2019 9:59 PM
25	Shaded seating Access to lake	11/9/2019 7:36 PM
26	N/A	11/9/2019 6:59 PM
27	My friends who work late always complain how dark it is so they don't go running - there isn't any lighting.	11/9/2019 6:47 PM
28	coffee shop and restaurant on the water. outdoor gym	11/9/2019 6:26 PM

#	COMMENTS / COMENTARIOS:	DATE
1	Needs a a water access point for things like canoes or paddle boards	11/21/2019 10:20 PM
2	Prefer #1 overall layout as is, but take the Picnic Deck and the Step Stone Shore access from #2 and add it to #1	11/21/2019 7:21 PM
3	For such a small space, more structured and appropriate landscape features will help activate the area and naturally divide it into places for multiple activities and groups to gather.	11/20/2019 2:50 PM
4	The main differentiation to me is that concept one has two water access points and pairs them with picnic area. Regardless of which concept is chosen, I would hope we could get picnic areas with water access. In either concept, a direct connection from the Rainey/Cummings intersection to the trail by bicycle by adding a ramp would be helpful.	11/18/2019 3:45 PM
5	The native and riparian planting, and trail connectivity help to meet the goal of the project. I'm not sure how well the gravel water access will work over a dock or stone launch like in #2.	11/16/2019 5:13 PM
6	I like the overall design of the lawn in relation to the rest of the public space. Good overall design.	11/15/2019 10:33 PM
7	native pecan grove and gravel water access are better than plan #2	11/15/2019 5:46 PM
8	Whoever created concept #1 should probably be fired.	11/15/2019 4:44 PM
9	Love the shoreline access in Concept 2 - add to this concept instead??	11/15/2019 4:22 PM
10	I like the flow of this option more, but I don't like the gravel access to water. I prefer that aspect of concept #2 with blocks along the water providing a surface to sit maybe with feet/legs in water.	11/15/2019 4:15 PM
11	Design is too formal with a circular lawn that does not related to anything?	11/15/2019 3:44 PM
12	The trail currently lacks children's play areas. The nature play area is a great idea!	11/15/2019 3:20 PM
13	Shoreline seems wasted, similar natural areas in southside of trail.	11/15/2019 2:54 PM
14	I prefer this version	11/15/2019 2:28 PM

Rainey Street Trailhead Community Engagement #2 / Comentarios Públicos no. 2 acerca de Rainey Street Trailhead

15	Lacking amenities.	11/15/2019 9:05 AM
16	The gravel access to the water might need support. Will erode with heavy use.	11/15/2019 8:38 AM
17	Love that it keeps it green / not more concrete and workout stations.	11/15/2019 4:54 AM
18	Just not really a big fan of the circular lawn with rather slim trails around it.	11/15/2019 2:08 AM
19	I like how the pecan grove creates a buffer/barrier to East Ave and how the lawn is encircled by native plantings. Picnic area is a lovely idea as there isn't as much of this type of seating on the trail.	11/14/2019 3:33 PM
20	I like the pecan tree grove	11/12/2019 11:52 PM
21	I like concept 1 mostly. I would add the steps to the shore from concept 2 to it.	11/12/2019 12:20 PM
22	Love that it keeps things natural.	11/12/2019 3:14 AM
23	Love the delineation of the native meadow areas. I also like the nature play space adjacent to the lawn. The native pecan grove is a lovely touch.	11/11/2019 11:01 PM
24	Not sure that having picnic areas along the trail is a good idea. Trail users won't be stopping to eat. Those picnicking will overflow on to the trail.	11/11/2019 10:25 PM
25	Picnic area will need separate compost, trash, and recycling bins with permanent educational signage that explains which bin to place waste. Nature play area should be similar to: <a href="https://metroparkstoledo.com/discover/blog/posts/discover-the-secret-forest-grand-opening-sept-14/">https://metroparkstoledo.com/discover/blog/posts/discover-the-secret-forest-grand-opening-sept-14/</a>	11/11/2019 8:05 PM
26	I think it is most important to keep the trail and trail adjacent natural. The smaller lawn and play area help foster this.	11/11/2019 6:44 PM
27	I like the smaller size of the lawn and nature play area the pecan grove (more trees!) and the addition of some picnic space near the water. It would be nice (since I mainly run and sometimes bike the trail) to reduce interference between the picnic areas and the through-traffic but I do like picnic areas closer to the water. I don't like how many "islands" there are (areas separated by walking paths) as shown in diagram.	11/11/2019 5:35 PM
28	I like the northern portion of this version very much. I prefer the larger water access of the following version. The pecan grove is a great idea.	11/11/2019 4:46 PM
29	the riparian planting removes quite a bit of enjoyable space (and/or allows folks to trample it), but it's less than concept 2	11/11/2019 4:43 PM
30	Great design. I like this setup. Would be nice if it could somehow incorporate the picnic deck from the 2nd concept into this one and a small area for a dog park. Also #11 would be nice if it were the shoreline access from Concept #2 as well.	11/11/2019 3:25 PM
31	Could use a small space for an exercise area. Love love love the pecan grove- so cool	11/11/2019 6:30 AM
32	While I love the circular structure of the paths, natural paths will eventually be made by people taking the most direct path to the trail/water eroding the planned lawn.	11/10/2019 10:18 PM
33	I love all the native planting. Pecan grove!	11/10/2019 5:56 PM
34	I would say stop blocking the lake view and cooling effect. As you are aware too much planting is wasteful water use. I would say making a docking for boats at Rainey would be appropriate.	11/10/2019 4:16 PM
35	Can the shoreline access (stone steps) of concept 2 be incorporated into concept 1?	11/10/2019 4:53 AM
36	I like this because the flow discourages cyclists and scooter riders from "cutting through" the park areas. Even though I am a cyclist, I see that this flow encourages cyclists to make their way around the park area, which is a better use of the park grounds.	11/10/2019 3:18 AM
37	Like the meadows. Prefer the native planted areas to be less divided and lawn / nature play areas adjacent to Rainey and Cummings street.	11/10/2019 1:12 AM
38	Do NOT put picnic tables here. The trash problem would be overwhelming. Some benches would be nice--places to rest and watch the river.	11/9/2019 9:03 PM
39	Would love a kids playscape	11/9/2019 8:21 PM
40	A bit more lawn would be nice; too condensed to a single spot in this Concept	11/9/2019 7:03 PM
41	Love More shoreline access!	11/9/2019 3:53 PM
42	5 Stars. Not able to choose 5 stars... all Stars were marked as I hit that choice. I do have a big problem with the lights in the picnic area. They need to be removed or for sure turned off about an hour after dusk The naturalness of this choice is a big plus. The lights need to be as low and as limited as possible and only on for an hour or so. H	11/8/2019 9:11 PM

**Q5 Concept #2: How well does this Concept align with the vision of the project? Please rank: 5 stars is the highest; 1 star is the lowest.**  
**Concepto #2: ¿Qué tan bien se alinea este Concepto con la visión del proyecto? Por favor clasifique: 5 estrellas es lo más alto, y 1 estrella es lo más bajo.**

#	COMMENTS / COMENTARIOS:	DATE
1	Needs a a water access point for things like canoes or paddle boards	11/21/2019 10:20 PM
2	Prefer #1 overall layout as is, but take the Picnic Deck and the Step Stone Shore access from #2 and add it to #1	11/21/2019 7:21 PM
3	Really enjoy the mix of city and nature in this design. The area is developing more and more, and more planned components (as opposed to natural) will help tie the area to the developing neighborhood.	11/20/2019 2:50 PM
4	Too much of the shoreline has become man-made in this design and I think residents would much prefer it to stay untouched.	11/19/2019 9:19 PM
5	The "shoreline access" is very vague. If it's hardscape or dock, it's huge. If it's natural surface, it will be a huge erosion problem. Why not just add one small dock like the one further east at Rendon Park, or west by Alta and the rowing club? Also, this one can have a pecan grove too.	11/19/2019 7:40 PM
6	The stones used for the shoreline access looks much nicer and more permanent.	11/18/2019 8:57 PM
7	I like the picnic deck and the preserving of many trees. Would like to see picnic areas paired with water access as in Concept 1. In either concept, a direct connection from the Rainey/Cummings intersection to the trail by bicycle by adding a ramp would be helpful.	11/18/2019 3:45 PM
8	The native and riparian planting, and trail connectivity help to meet the goal of the project. I prefer the stone block water edge for lake access and launch.	11/16/2019 5:13 PM
9	I like the more extensive shoreline access but don't think the rest of the design uses the space as effectively	11/15/2019 10:19 PM
10	Both show good listening by the designers, but this version appears more useful, and the shoreline steps are a better idea for durability. Also, making the water's edge into steps/seats opens up access compared to uncertain, loose gravel.	11/15/2019 10:06 PM

Rainey Street Trailhead Community Engagement #2 / Comentarios Públicos no. 2 acerca de Rainey Street Trailhead

11	I would be very happy with this design, but I just believe the other design is more aesthetically pleasing	11/15/2019 5:49 PM
12	God created concept #2 on the eighth day.	11/15/2019 4:44 PM
13	Love this design.	11/15/2019 4:33 PM
14	Love the water access	11/15/2019 4:22 PM
15	I don't like the angularity of the trails with this one as much as the other. Also trails seem redundant with each other around the #11 & #12 markers. I like the way the shoreline access works better. I prefer this option overall, but perhaps a hybridization would get at what's great about each.	11/15/2019 4:15 PM
16	Love accessing the water and the open lawns. This concept embraces the trail head as a part of the trail and not as an extension of the street and high rises.	11/15/2019 3:44 PM
17	Seems like more of what other parts of the trail already have. I don't see this drawing more people to the trail, if that is the objective.	11/15/2019 3:20 PM
18	To me, a lawn and shoreline access are key. Both plans have a good lawn, but this Concept 2 seems to have the best shoreline access (similar to Auditorium Shores, from the looks of it).	11/15/2019 3:00 PM
19	Please dont use the same equipment as found in the S 1st/ Riverside Trailhead. They are horrible since they were upgraded 10 years ago nobody uses them anymore. Use simple pull up bars with smaller width bars.	11/15/2019 2:54 PM
20	As an avid paddle board user, I appreciate the water access	11/15/2019 2:51 PM
21	A little bit better but still lacking a playground.	11/15/2019 9:05 AM
22	Lacks integration with the lake. You can put the picnic and exercise features anywhere.	11/15/2019 4:54 AM
23	Definitely prefer the wider and more direct paths here. I also like the shoreline restoration.	11/15/2019 2:08 AM
24	I feel like concept 2 does a better job meeting the urban environment with the natural area of the lake.	11/15/2019 12:59 AM
25	i'm afraid the picnic deck would become a homeless camp. the bathroom over there already has overnight guests, which can be really scary while running in the early morning hours.	11/14/2019 9:43 PM
26	I'm not a huge fan of the exercise equipment on trails. Always looks a bit unsightly and takes away from the natural beauty. Not heavily utilized either in my experience. Plan 2 is not as "natural" or respectful of the trail/lake and natural beauty as Plan 1 in my opinion.	11/14/2019 3:33 PM
27	Concept 2 is too boxy, but I like steps giving access to the water better than just gravel down to the water in #1	11/12/2019 12:20 PM
28	If their performance on the rest of the trail is any indication, it is doubtful that the parks department will be able to keep a picnic deck maintained.	11/11/2019 10:25 PM
29	Love the water access in design 2	11/11/2019 9:57 PM
30	This looks shadeir, but doesn't really provide any new adult uses. The lawn already(sort of ) exists.	11/11/2019 9:34 PM
31	Picnic area will need separate compost, trash, and recycling bins with permanent educational signage that explains which bin to place waste. Nature play area should be similar to: <a href="https://metroparkstoledo.com/discover/blog/posts/discover-the-secret-forest-grand-opening-sept-14/">https://metroparkstoledo.com/discover/blog/posts/discover-the-secret-forest-grand-opening-sept-14/</a>	11/11/2019 8:05 PM
32	I don't think there should be as big a lawn or a picnic deck. The trail should remain a walk through nature, neither manicured nor focusing on non-trail activity.	11/11/2019 6:44 PM
33	Would prefer to see more tree plantings and a picnic area right next to the roads is not ideal. The lawn area is overly large.	11/11/2019 5:35 PM
34	I really like the picnic area and better access to the water for kayaks/SUPs/canoes. I think the combination of shading and open lawn is important. Would love to see a climbing playground.	11/11/2019 5:31 PM
35	I really like the large block steps leading down to the water! Picnic tables a great idea. Restroom helpful.	11/11/2019 5:24 PM
36	I like the southern portion of this version very much. I prefer the pecan grove and civic layout of the previous version.	11/11/2019 4:46 PM
37	the riparian planting removes quite a bit of enjoyable space (and/or allows folks to trample it)	11/11/2019 4:43 PM
38	I like this one	11/11/2019 3:30 PM
39	Does it all. Hate to not see pecan grove	11/11/2019 6:30 AM
40	Makes sense to have an area of shoreline access. Maybe even a short boardwalk like the south side.	11/11/2019 3:36 AM
41	Both concepts are great, but I like the stone steps at the water edge in the second better.	11/10/2019 10:46 PM
42	Love it and could live without exercise area.	11/10/2019 10:18 PM
43	Exercise area is nice, but would rather have the pecan grove. Make the nature play area smaller? I do like the shoreline with the stepped rocks.	11/10/2019 5:56 PM

Rainey Street Trailhead Community Engagement #2 / Comentarios Públicos no. 2 acerca de Rainey Street Trailhead

44	I believe the shoreline access steps as pictured will be expensive and difficult to maintain	11/10/2019 3:35 AM
45	See above - encourages use of park as a cut-through.	11/10/2019 3:18 AM
46	Not a big fan of the decking.	11/10/2019 2:53 AM
47	Like concept one better	11/10/2019 2:37 AM
48	Like that lawn is adjacent to streets. Prefer lawn and nature play to be smaller and more native plantings / meadow areas.	11/10/2019 1:12 AM
49	I like the improved water access	11/9/2019 11:32 PM
50	would love to see more exercise equipment. you should look at Dallas and Houston as examples	11/9/2019 10:50 PM
51	expanding the Pecan trees is a great Texas idea	11/9/2019 10:29 PM
52	I don't like the "picnic deck". That will quickly generate demands for food trucks and other commercialization. It's supposed to be a quiet place and there just isn't enough depth in the park and shoreline to add much.	11/9/2019 9:59 PM
53	Really like the shore access	11/9/2019 9:28 PM
54	love the shoreline	11/9/2019 9:25 PM
55	The shoreline is better. A picnic deck closer to the street makes more sense. Overall, it's less frenetic.	11/9/2019 9:24 PM
56	Do not put in exercise area.	11/9/2019 9:03 PM
57	Prefer the more natural (Other) option	11/9/2019 8:21 PM
58	Lake access and deck best feature Don't care for exercise area	11/9/2019 7:36 PM
59	Exercise area and stone shoreline access make this more unique. If those could be added to first design, it would be perfect.	11/9/2019 7:03 PM
60	Better shoreline access would be nice! Currently the boarder is overgrown and if trimmed still rough at waters edge. The residents would use the shoreline to enter paddle boards there more than the ramp located 800 yards East. Would be easier access to Rainey residents - the wouldn't have to drive the paddle boards as the location is more walkable closer to the proposed changes.	11/9/2019 6:47 PM
61	Concept 1 seems to have more spaces for people to play, lounge, picnic rather than just one area. With some separation by the trails, the spaces seem more separate and private	11/9/2019 6:33 PM
62	Too much lawn. A more natural habitat is nicer.	11/9/2019 6:10 PM
63	Somewhat like water access... just too massive. Do not like picnic area! Do not like the exercise area!	11/8/2019 9:11 PM

## Q6 Other Comments / Otros comentarios:

Answered: 33 Skipped: 209

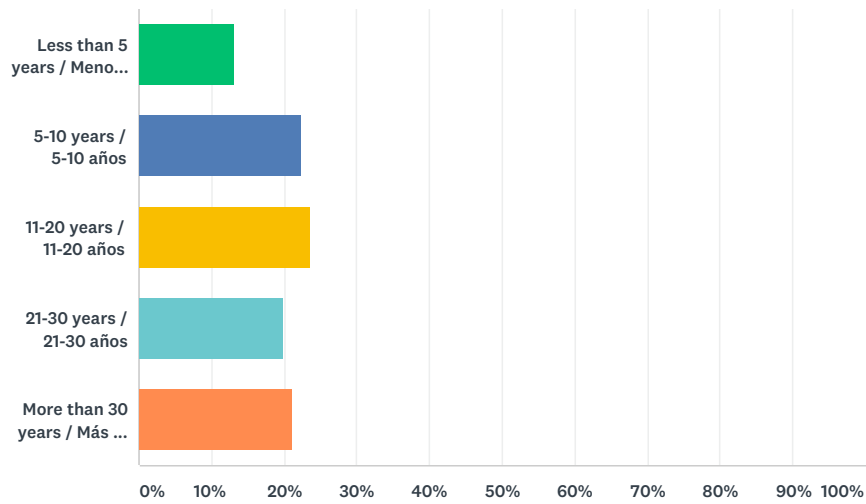

#	RESPONSES	DATE
1	In either concept a fenced area for dogs would a great win for residents. Currently we use the land behind the MACC as a spot to meet. Of course this is not a leash free area, but one used everyday by residents. And as you may have noticed thousands of more people will be moving to the area with more fuzzy friends.	11/21/2019 1:35 PM
2	What is wrong with the existing boat ramp like 100 yards east? Or just a little further, the docks at Alta? Who will maintain all this native planting area? The Rainey tower people I hope, because I doubt PARD's ability to do it.	11/19/2019 7:40 PM
3	more trees is always better	11/17/2019 6:15 PM
4	I prefer Concept #2, but would like to see if there is a way to blend the "pecan grove" from #1 into #2. Additionally I think the exercise area along the trail provides a nice use and adjacency.	11/16/2019 5:13 PM
5	Make it a 24 hour park. We need more 24 hour spaces.	11/16/2019 2:07 AM
6	I prefer concept 1's break b/w trail and lawn	11/15/2019 10:15 PM
7	I think these both look like great options. Both are aligned with the vision crafted through previous input, though in different ways. I love the idea of steps down to the water. Does that have any benefits/detriments to the streambank to consider? I've noticed that trail users are really drawn to access points to the water, even if they don't consciously realize it. I wonder if gravel water access (#11 in Option 1) presents a danger of erosion. If so, it is probably better to build out an attractive, durable access point that is purpose-built for lots of human interaction.	11/15/2019 7:27 PM
8	This area should be as accessible as possible for disabled people, especially for wheelchair users. They deserve to be able to access the trail and waterfront, as well as all amenities! Accessible picnic tables, water fountains, wide concrete/asphalt sidewalks, curb ramps, etc.	11/15/2019 7:19 PM
9	Need more dog poop bags.	11/15/2019 4:44 PM
10	Thank you, Trail Foundation and Intracorp for kicking this off . . .	11/15/2019 4:22 PM
11	Thank you for the work you do.	11/15/2019 4:15 PM
12	I like concept 1 the best but am concerned about the "gravel water access" becoming erroded and unusable. If concept 1 had the same limestone stepped water access as concept 2, it would be an amazing design.	11/15/2019 3:28 PM
13	A fishing pier with shade would be well used and has been requested by folks for this area before. I hope this can be considered! Also, lighting along the trail for this portion is needed as that area gets very dark at night and is somewhat remote.	11/15/2019 3:00 PM
14	We need the trash receptacles to be emptied more regularly. Trash overflow results in a lot of refuse ending up in the lake.	11/15/2019 2:51 PM
15	Please consider adding a playground!	11/15/2019 9:05 AM
16	Keep the natural feel of the first one but use the shoreline access of the second.	11/15/2019 8:38 AM
17	Like 1st option more, but doesn't need that many paths. More grass and plants, please.	11/15/2019 4:54 AM
18	Dog park?	11/15/2019 2:08 AM
19	Concept 1 helps to keep more nature and far less trail traffic. Much more conducive for a better experience - walking, running, etc.	11/14/2019 3:28 AM
20	i like #1 as it appears it expands the pecan grove	11/13/2019 5:25 PM
21	With the number of people envisioned to be using either concept, it is doubtful that the existing single restroom is going to be sufficient.	11/11/2019 10:25 PM
22	Pecans are messy trees, and all deciduous trees makes a barren winter view. (I kn ow I have one. More tree diversity would be better	11/11/2019 9:34 PM
23	The area farther east including Festival Gardens would be a better place to have more family-friendly spaces and be accessible to a wider demographic.	11/11/2019 6:44 PM
24	Hi how are you?	11/11/2019 5:35 PM
25	I like the stones stepping down to the water. I do not remember if I took the previous survey, but I believe I did not. Vision 2 doesn't seem to have as much shade which would be crucial in the Summer months. A bigger water fountain would also be a bonus (like at Auditorium Shores, but working).	11/11/2019 3:32 PM
26	Include plan to rotate signage about the natural features of the area. Make sure there is one standout aha kick ass feature.	11/11/2019 6:30 AM
27	Like them both. I do think an exercise area every mile along the trail is a really good idea.!	11/11/2019 12:54 AM

28	Overall good direction just need to aggregate areas geared toward human activity and leave native planted and riparian areas more intact / less divided.	11/10/2019 1:12 AM
29	it seems #2 has more trees which i am advocating for	11/9/2019 10:29 PM
30	Second design seems far more human-oriented.	11/9/2019 8:34 PM
31	Are you serious? This is ridiculous. 6 of one and a half dozen of the other. Go back to New York or wherever.	11/9/2019 8:10 PM
32	Why was the playground equipment taken out of this area 5-6 years ago? Nothing replaced it, and that made it much less family-friendly	11/9/2019 7:03 PM
33	I have been running on the trail for 36 years and the major issue, in my opinion, is the day-to-day maintenance of the trail. It looks shabby at times. Also, there needs to be more water stations on the south side and they need to always be working. A better soap dispenser and hand dryer needs to be installed at the Johnson Creek Trailhead than the junk currently there.	11/9/2019 6:59 PM

---

## Q7 How long have you lived in Austin? / ¿Cuántos años ha vivido en Austin?

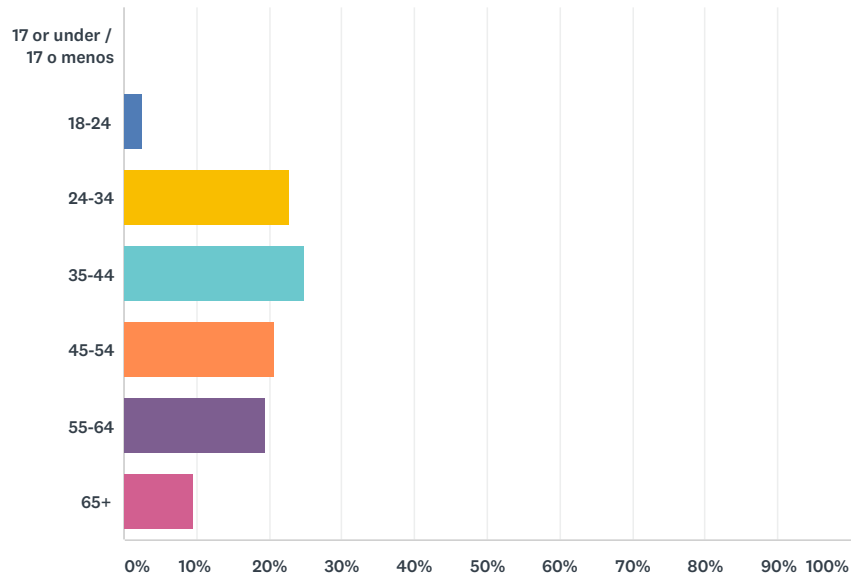

Answered: 242 Skipped: 0

ANSWER CHOICES	RESPONSES	
Less than 5 years / Menos de 5 años	13.22%	32
5-10 years / 5-10 años	22.31%	54
11-20 years / 11-20 años	23.55%	57
21-30 years / 21-30 años	19.83%	48
More than 30 years / Más de 30 años	21.07%	51
